Dear Past Students of GHS,

ASSISTANCE NEEDED:
Recruitment for Workplace Experience Opportunities
for GHS F.5 students

Your kind assistance in offering workplace experience opportunities for the F.5 students of GHS is being solicited. Through participation, it is hoped that the students will be exposed to the working world, gain first-hand experience and learn work ethics. It also hopes to empower the students to kick-start their education and career planning.

This year, the Scheme will be held from **June 27 to 30, 2017**. Students will work for **two or four** full days (depending on the job openings) in a company.

The workplace experience can be arranged in different modes to suit the operational needs. The students may shadow the staff as the latter goes through a normal day on the job. Students can also be assigned some tasks to gain hands-on experience. The school will arrange insurance coverage for the participating students during the period.

Please complete the [Reply Form](#) in the link below **before March 10, 2017**:
