

Alumni Sharing – 7 March 2017

Fifteen of our past students from various professions shared their knowledge and experience in their career with about 205 S4 students at St. Joseph's Hall. This was the fifth year GHSPSA conducted this meaning programme. The S4 students selected 3 of their interested careers and went into groups to listen to the sharing by the past students. They were exposed to the career path, gains and possible obstacles of the career. It was a good opportunity to have a direct encounter with professionals and to find out more about their careers.

GHSPSA has been offering regular support to career development of students. Other than Alumni Sharing for S.4 students, a mentorship programme will be also be offered to S.5 and S.6 students. For S.6 students, a mock interview will also be provided to assist them for preparing university entrance interviews.

Our sincere gratitude to the following past students who offered their expertise and time for the programme:
