GHSPSA Mentorship Program 2016-17

We Care, We Share

On Nov. 19, 2016, the Mentorship Program was successfully launched for the fifth year. We were happy that 31 past students from different walks of life had volunteered as our mentors. There was a sharp increase of F.5 and F.6 students interested in the Program. The 31 mentors were matched to 108 mentees. Many mentors were new to the Program and were eager to share their experience at work and their personal life.

The Kick-Off Ceremony was held at St. Joseph's Hall. The Principal, Mrs. Green and Vice-Principal, Miss Grace Pow, attended the Ceremony and showed the school's support to the Program. Some of our Mentors have joined the Program repeatedly and they expressed the joy in sharing with the "little sisters" and found the Program very meaningful as they could help the mentees to meet the challenges they might encounter in their studies and everyday life.

Our salute and gratitude to our mentors:
